

7/8/08

To whom it may concern,

Atlas Copco recognizes Managed Air Systems (MAS) of Bloomfield, CT as one of our preferred dealers having the full ability to engineer, install, and maintain our product line. MAS gained this status through many years of training, engineering and servicing various projects throughout the World. By having this ability, MAS is able to obtain direct support from our Engineering department and work closely in hand with local Atlas Copco representatives to ensure the proper selection of equipment is achieved, installation meets Atlas Copco Specifications and scheduled service is followed in order to not jeopardize any warranties.

Atlas Copco is willing and eager to support our long standing relationship with MAS. In fact, one of the ways for Atlas Copco to fulfill our own Company Mission – **“First in Mind - First in Choice”**, is to use the superior abilities of such companies as MAS, by which helping us achieve this goal.

We ensure you will find MAS as an outstanding Atlas Copco representative when making your decision of products and Vendors for your Compressed Air needs, as **"We are committed to your superior productivity through interaction and innovation"** by highly recommending MAS knowledge, abilities and services.
